Dear Parent

FEE PAYMENT OPTION WITH EFFECT FROM AUTUMN TERM 2010

You should have received the letter from the Chairman of the Governors setting out the fees for the forthcoming academic year. As you know the school is introducing the option to pay future school fees by monthly standing order with effect from the Autumn term 2010. This arrangement will apply to the fee element only and all extras will continue to be paid in full on or before the first day of each term.

This option is offered free of charge – no interest or arrangement fee.

If you are interested in using this method of payment please contact me before the end of term so that we can set up the standing order mandate.

Yours sincerely
