

20th May 2009

Dear Parents

On June 25th Key Stage 1 and 2 are taking part in the national 'Bring Your Bear – Show You Care' event. This event is part of the fund raising activities organised by Action Medical Research.

The children are encouraged to bring their favourite bear to school and then £2 will be added to the school bill. All the money raised will help the charity with vital research into child related illnesses.

Also there is a competition to make a small suitcase using the enclosed template. This is to be decorated, put together and then filled with as many different items as possible. We have a very special bear visiting school on the day who is in need of a new home and he will be awarded to the winner of the competition.

Thank you for your support.

Yours faithfully

Mrs J Almack
